RE: HSPVA Dance Physical Form

HISD has never required a physical examination for HSPVA dance students. Since our dance majors are involved in a strenuous three hour dance curriculum each day, we decided six years ago that it was in our best interest to do so.

The HISD athletic physical form has information that is not all relevant for dance. With the assistance of two physicians, Dr. John Long and Dr. Philip Dreesen of Pediatric Medical Group, we have composed a medical form of our own. We would appreciate you checking the attached. Please let us know if there is anything that we need to do. We don't have physical exams for this year's dance students, but we are trying to have this one ready for the 1996 new student acceptances.
